Warning: The value of the fund may be affected by changes in currency exchange rates.

Warning: The value of your investment may go down as well as up.

Warning: Past performance is not a reliable guide to future performance.

Warning: If you invest in this product you will not have any access to your money before your PRSA matures.

Warning: If you invest in these funds you may lose some or all of the money you invest.

Securities Lending: The assets in these funds (except the Cash Fund) may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment.

◆ Historic Information not available.

* Restrictions may apply to switches out of these funds. See our website for more information <http://www.irishlifeemployersolutions.ie/investment-centre>. The Secured Performance Fund is closed to all contributions, effective 1 November 2010. From 7 August 2017, the Capital Protection Fund is closed to new Single and Regular Premium investments, Transfer Values and Fund Switches. If you are currently paying a percentage of your contributions into the Capital Protection Fund you may continue to do so.

★ Funds are categorised by the level of risk involved. The risk ratings system ranges from 1 to 7, with 1 being the lowest risk and 7 the highest risk level.

See next page for details of charges.

Warning: The value of the fund may be affected by changes in currency exchange rates.

Warning: The value of your investment may go down as well as up.

Warning: Past performance is not a reliable guide to future performance.

Warning: If you invest in this product you will not have any access to your money before your PRSA matures.

Warning: If you invest in these funds you may lose some or all of the money you invest.

Securities Lending: The assets in these funds (except the Cash Fund) may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment.

Annual Management Charges

These returns are based on the below standard annual management charges. Management charges may vary. Annual fund management charges are calculated and deducted based on the offer price of the fund.

- > 0.65% p.a. for Consensus, Pension Protection, Consensus Cautious, EMPOWER Stability, EMPOWER Flexible ARF, EMPOWER Growth, EMPOWER Cash, EMPOWER Cautious Fund, EMPOWER High Growth, Corporate Bond, Indexed Funds (apart from Indexed World Equity Fund-Partially Hedged and Indexed Commodities Fund), Global Consensus (excluding Property) Fund and Transition Fund.
- > 0.68% p.a. for Canada Life Consensus Fund.
- > 0.70% p.a. for Indexed World Equity Fund-Partially Hedged and Multi Asset Portfolio (MAPS) 6.
- > 0.75% p.a. for Active Managed, Global Consensus, Property, Cash, Fixed Interest, Global Select, Equity Managed Funds, Indexed Hedged Global Equity Fund, Global Consensus (Hedged Global Equity) Fund and Setanta Funds (apart from Setanta Income Opportunities Fund, Canada Life Consensus Fund and Setanta Dividend Bond - 100% Equity Fund).
- > 0.80% p.a. for Multi Asset Portfolio (MAPS) 2 to 5.
- > 0.95% p.a. for Core Fund.
- > 1.00% p.a. for Secured Performance, Capital Protection, Setanta Income Opportunities and Setanta Dividend Bond - 100% Equity Funds.
- > 1.20% p.a. for Strategic Asset Returns Fund.
- > 1.30% p.a. for Indexed Commodities Fund.
- > 1.50% p.a. for Fidelity Funds.

The charge for external fund managers are indicative only. This applies to Fidelity.

In the case of the Multi Asset Portfolio Funds, alternative investment elements have been included with the aim of reducing risk and increasing the potential for above average returns. The most cost effective way to access such investments is through specialist investment managers who offer funds which invest in these areas. The cost of using these specialist managers is deducted from the fund performance and is in addition to Irish Life's annual management charge of 0.75%. Based on the current asset splits, the total expected reduction in yield allowing for all charges at the different fund manager levels, including Irish Life's charge of 0.75%, is as follows:

- > Multi Asset Portfolio Cautious Fund: 0.90%.
- > Multi Asset Portfolio Balanced Fund: 0.90%.
- > Multi Asset Portfolio Growth Fund: 0.90%.

These figures are for illustration purposes and will vary in the future depending upon changes in the asset mixes of the funds, any performance bonuses paid or appointment of different external managers.
